
DAVID GREGORY SCHOOL, INC.

A PARTNERSHIP FOR LEARNING
347 N. FARVIEW AVENUE, PARAMUS, NJ 07652 201/967-9772 FAX 201/967-7071

September 6, 2017

Dear Parents, Guardians and Staff:

David Gregory School is committed to protecting David Gregory School's students' and staffs' health. As required by the Department of Education regulations, all drinking water outlets in our facilities must be sampled for lead. On March 29, 2017, David Gregory School tested the lead drinking water sampling at the school. **Samples taken were below the maximum allowable lead action level of 15ug/l(parts per billion).**

How Can I Learn More?

For more information about water quality in our schools, please contact David Ruzich at David Gregory School, 201-967-9772. For information about water quality and sampling for lead at home, contact your local water supplier or refer to the Department of Environmental Protection's website at <http://www.nj.gov/dep/watersupply/dwc-lead-schools.html>.

Sincerely,

David Ruzich
Principal
